Maps

Map Size / Type	Background	Information to include	Map Elements	Total *
				\$35.00

* First map is \$35, additional maps of the same property are \$10 each Total

Common map sizes are 2"x2" or 3"x3" for a thumbnail/MLS listing, 3" or 4"x5" for inclusion on the front size of a flier, or larger photo for listing page, and letter size (8.5"x11") for the back side of a listing sheet. You can also request a property report - which will give you a list of all the districts/areas the property is in (Flood Zone, availability of mitigation water, school district, urban area, irrigation district, etc.)

Maps background options include airphoto, topography (a hillshade to provide a sense of mountains and valleys), or simple (just roads and other elements that have been selected.)

In the information to include column, specify what you want to emphasize on the map. Options include public lands & Suncadia, trails (summer trails, winter trails, specific sport), sport facilities (boat launches, trailheads, golf course, etc.), schools, grocery stores, urban boundaries, flood zones, museums ...

Map elements include locator map, north arrow, legend, and scale bar. If you leave this blank, we will include what we think will work best on the map.
